December 2025

Dear Friends and Supporters of HCSC,

Greetings! Another successful year for FECOVESO, HCSC's Honduran non-profit partner! Despite increasing costs of materials, they have kept up with many projects, including water systems, protection of watersheds, road, school and health clinic improvements, electrification, and more. In addition, in

acknowledgment of their expertise, the municipality has invited FECOVESO to join in discussion of local water problems. And Julio Moncada, the new FECOVESO president, has created FECOVESO's first Facebook page to share project news with everyone!

Celebration of a new water tank, with its strong flow of water

This is what it often takes to get materials into mountain villages! FECOVESO provided 10 posts and 15 lamps for Los Mejias' electric project

El Liston and Santo Domingo road improvement project

Nueva Vida community members expand their water system with pipes provided by FECOVESO

FECOVESO works with communities to identify their most pressing needs, provides materials for the projects, and (as shown in the photos) community members provide the labor, making the projects their own from beginning to end. Your donations to HCSC provide the funds that enable them to continue! Donations are gladly accepted by check or at

www.hcsc-honduras.org/donate.html

Warmly,

FECOVESO provided materials to Santo Domingo to fence and protect their watershed

Your donation, of course, is tax deductible. Honduras Community Support Corporation is recognized by the IRS as tax exempt under Section 501c(3) of the code and is registered as a charity with the New York State Attorney General's Office
